

Comprehensive Plan Update – Planning Commission Motion Oct 12, 2021

Following a public hearing on October 12, 2021, the Planning Commission recommended approval with the following motion:

I move to APPROVE the resolution recommending approval of an updated, amended Comprehensive Plan, as presented, with the following changes:

1. In the LAND USE chapter, add the following sub-strategy to Strategy 1.2 following bullet two (“...preserve and enhance natural resources...”): “Require that zoning changes preserve and enhance historic cultural resources. In particular, require that development of historic properties within Historic Preservation Architectural Design Control (ADC) Districts, Historic Conservation (CV) Districts, or Individually Protected Property (IPP) maintain the National Register’s “contributing resource” designation.”
2. In the LAND USE CATEGORY DESCRIPTION: SENSITIVE AREA: Consider allowing additional units and height under a bonus program or other zoning mechanism with greater and deeper affordability than non-sensitive areas.
3. Revise LAND USE CATEGORY DESCRIPTIONS Table 2 "Residential" header to add "Zoning tools will regulate affordability and maximum allowable development for all categories and consider demolition disincentives as feasible".
4. Recommend that SENSITIVE AREA delineation should continue to be defined and additional means and metrics beyond Census Block Data need to be considered. (This will also require revisions to the description of Sensitive areas on page 25 in addition to the FLUM. This is additional text to the document for now.)

All seven commissioners voted in favor of the motion.
